Prayer: "God, let me live my life awake to your heart and desires. And let me begin by having the courage to approach my 'one.'"

Weekly Nugget: In Romans 13.12-13, Paul mentions six different types of sin. Of course, any sin can be committed in the daylight or in the darkness of the night, Paul mentions sins that people typically like to hide – such as orgies and sexual immorality – which might be considered sins of the night, stating instead that we should be people who are walking as if in the daylight because we have nothing to hide.
